The "How" and miracles happen.

The Secret

"Our job is not to worry about the "How". The "How" will show up out of the commitment and belief in the "what"... The "How's" are the domain of the universe. It always knows the quickest, easiest, most harmonious way between you and your dream... If you turn it over to the universe, you will be inspired and directed by what is beloved... this is where magic and miracles happen."
